Ethnicraft

We create the foundations
of your home to inspire
the stories of your life.

For more than 25 years, we have been creating timeless furniture and accessories manufactured from quality materials. True to our values, we have maintained our goal to produce good design, distinguished by authenticity, simplicity and quality, as well as creativity and innovation. We rely on our unique expertise to create singular designs ready to embellish your daily life durably.

We create collections for every room or space: from the furniture that defines the purpose of an area to the objects that layer it with meaning. Nothing excites us more than seeing how people love and use our products in the stories of their lives.

All of our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be passed on from one home to the next, carrying over the stories of one lifetime to another.

Classics collection

The Classics collection experiments with the balance between rich, natural patterns offset with muted tones, revealing the beauty behind the deceptively ordinary subjects from which inspiration is drawn.

Wabi Sabi collection

Wabi Sabi is inspired by nature, where vistas transform into layered watercolour paintings. Sky blues, grey and mist colours layer the horizon, and as the sun sets, a whole new palette with warm autumn hues appear.

Translucent Silhouettes collection

Translucent Silhouettes artfully layer organic dots atop an aged surface, creating a sense of depth and allowing dynamic combinations to blossom. While the overall result is bold, a lightness is conveyed with delicate inks and pigments.

Second Nature collection

The Second Nature tray collection is inspired by the organic shapes and abstract shadows of nature; stacked rocks, the bark of a tree, the markings on a turtle's shell. A harmonious blend of organic inspiration and contemporary design, Second Nature perfectly layers hand-printed glass over the warmth of wood. The artistry of the moss green and metallic ink palette brings a quiet sophistication to its surroundings.

Valet trays

Bold colours, patterns and textures enclose neatly within slim edges, framing the design like a work of art. Each valet tray's compact size allows for endless versatility. Placed in the hallway, it's a key holder. In the bathroom, it's a jewellery tray. On a coffee table, a decorative conversation starter. Valet trays are stylish accent pieces in any space.

Our sustainability commitment

We believe that durability and sustainability start with choosing the right quality material, and wooden products are particularly suited for refurbishment.

As a vertically integrated company, we know we are in a unique position to contribute to a sustainable shift in the industry. From design to the sourcing of raw materials, packaging and testing, we pay great attention to environmental protection and consumer safety throughout the product-development process. As a company, we work to minimise waste and close the loop toward circularity. Together with our Partners, we strive to do our humble share. Just as society and the industry evolve, so do we. We know there is no finish line in this journey and continue our efforts to constantly improve our products and operations.

DURABILITY BY DESIGN

We pay particular attention to the quality of our products, not only during the development stage, but throughout the entire life cycle. We believe that durability and sustainability start with choosing the right quality material, and wooden products are particularly suited for refurbishment. Our team is always available to advise on how to care for products and thus extend their lifespan, as well as how to repair them. When developing new products, we consider reparability at the earliest design stage. Where possible, we provide spare parts to further extend the life of our products.

THE ORIGIN OF OUR WOOD

The ultimate noble and renewable material, all our wood is sourced from responsibly and carefully managed forests compliant with the EU Timber Regulations and the Forest Law Enforcement, Governance and Trade (FLEGT) Action Plan. In addition, our wood sourced from Indonesia is verified under the Indonesian Timber Legality Assurance System (SVLK). Our teak collection includes products certified as FSC® which are clearly labelled in the catalogue. Finally, we carry the FSC® CoC (Chain of Custody) certification of our distribution centres.

FOCUS ON QUALITY

Producing furniture and accessories at the highest quality, strength and safety is extremely important to us. Our internal protocols are based on the standards set by ANSI (American National Standards Institute) and BIFMA (North American Business and Institutional Furniture Manufacturers Association). Moreover, specific products within our collections are certified by independent external facilities in order to meet the European requirements for contract-grade use. Products also meet specific requirements based around ecological and health regulations such as toxic substance use and flammability.

WASTE REDUCTION AND CIRCULARITY

We want to remain as environmentally friendly as possible, working to reduce waste from the earliest design stage. With this principle, we design to reduce or reuse as much scrap wood as possible. Production waste such as leftover logs, wood and sawdust are reused for other purposes. With full control over the (re)design, production, distribution, refurbishing and recycling processes, we are developing a vision for sustainability based on designing for circularity and lengthening product lifespans.

How to care for our products

About natural materials

The beauty of natural materials lies in its peculiarities and imperfections. That is what separates true beauty from the artificial. Variations in wood grain and colour, knots, medullary rays and other natural characteristics are inherent in solid wood. These are far from flaws, but an intricate part of its character. Natural stone can also have minor pitting or surface fissures. We believe that these imperfections contribute to the charm of Ethnicraft products.

Wood, like any other natural and porous material, continues to absorb and release humidity throughout its life. Although Ethnicraft designs furniture that adapts well to the hydrometric conditions of its environment, some cracking or movement may occur. Please do not be alarmed, this is a normal response to the furniture's environment.

TIMELESS DESIGN

All our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be moved from one space to the next, carrying over the stories of one lifetime into another. Our collections go back to the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully.

CRAFTSMANSHIP

Outstanding craftsmanship is at the core of our brand, and behind the simplicity of our pieces lies a constant drive for innovation. Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflect our design values.

General care & maintenance tips

- 01** Recommended humidity in the room for interior products: between 40 and 60%.
- 02** Ideal room temperature: between 21°C/70°F and not below 14°C/57°F.
- 03** Do not drag the furniture along the floor; always lift the furniture when moving.
- 04** Avoid exposure to extreme conditions: do not place furniture or accessories near heating sources or air-conditioned spaces.
- 05** To prevent staining, we recommend that any spills are removed immediately.

- 06** When cleaning the surface, always work in the direction of the wood grain.
- 07** Use placemats and/or coasters to prevent hot pots and pans, or cold glasses and bottles, from damaging items.
- 08** Always ensure water and solutions used to clean the floor do not come into contact with the furniture's base, as it might leave permanent marks. For items that feature rubber glides, avoid alcohol-based cleaners on floors they are in direct contact with.

- 09** Indoor products are not intended for outdoor use. An outdoor product will always indicate so in its name. Last but not least, we always recommend to carefully read the care instructions specific to your item.
- 10** To prevent colour differences, do not place furniture or accessories in direct sunlight, and move objects placed on the furniture from time to time. Open extendable tables on a regular basis.

Upholsteries & soft furnishings

Do not wash unless clearly indicated on the label attached to the item. Machine or hand washing (even at a low temperature) might lighten the colour and shrink the fabric.

Some items have an anti-stain treatment applied to the textile. If this is dry cleaned or washed, it may affect the anti-stain performance. To ensure the anti-stain treatment properties remain effective over time, or to add protection to non-treated textiles, we recommend using Ethnicraft Fabric Protector.

Any spills or stains on textiles should be treated immediately. We recommend using Ethnicraft Textile Cleaner followed by the Ethnicraft Fabric Protector. Always follow the instructions on the label.

Pilling is the result of excess fibre on the fabric or from external sources. This is not a defect but a characteristic of many textiles.

For our leather items, many of the hides used are left in their purest form. This means there is little or no surface treatment, allowing for the unique natural beauty of each hide to come through. For cleaning and care, use the Ethnicraft Leather Care Kit. Follow the directions of use on the labels.

TO KEEP UPHOLSTERIES IN OPTIMAL CONDITION, WE RECOMMEND:

- 01** Removing pilling by using an antipilling machine.
- 02** Avoiding placing item in direct sunlight.
- 03** Dusting or removing crumbs by wiping down upholstery with a clean cloth or soft brush. Do not rub.
- 04** Avoiding using a vacuum cleaner. If you do use one, select the lowest suction and use a soft upholstery attachment.
- 05** Treating spills immediately. Blot up as much of the spill as possible with a clean, dry, white cloth. Do not rub.
- 06** Treating stains by using a clean, slightly damp white cloth, blotting from the outer edge to the centre of the stain.
- 07** Avoiding chemical products on your upholstery.
- 08** Reviewing the care label or instructions specific to your item.

REGULAR CARE

For dusting, use a dry cloth. For cleaning, or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft, clean cloth to prevent spotting.

It is always recommended to protect any surfaces with coasters, mousepads or placemats. Repetitive daily use or heat can damage the finish. Always move objects such as flowerpots, vases, etc., from time to time. Ensure any excess water or dampness is wiped dry immediately to prevent marking the surface.

Outdoor

Ethnicraft's Outdoor collection is designed to adapt well to a range of environmental conditions. The high density of teak wood means it is an excellent choice for outdoor use.

Our natural teak range comes without any finish or protective treatment. Over time, untreated furniture will grey with prolonged sun and rain exposure. This colour change is completely natural and purely superficial; it does not impact the strength or quality of the timber.

Our black teak range is brushed and varnished with the colour taint applied. This finish has been specifically developed to withstand natural elements such as severe high and low temperatures and UV light, as well as moisture and humidity.

While no additional treatment is required on any Ethnicraft Outdoor teak product, you can choose to apply a specialised teak cleaning product such as Ethnicraft Outdoor Teak Cleaner to remove any dirt buildup from items. To protect against stains and green deposits, and to slow the grey patina process of natural teak, you can use a teak protector such as the Ethnicraft Outdoor Teak Protector.

Our aluminium furniture is lightweight and powder-coated specific for the high UV of outdoor environments. Aluminium is a great low-maintenance material. See the full Outdoor care instructions for detailed care tips.

OUTDOOR UPHOLSTERY & FABRICS

Ethnicraft Outdoor fabrics are water-repellent, UV resistant, hypoallergenic and maintenance-friendly.

Clean with clear water and a natural soap. Covers are machine washable up to 30°C/86°F.

All cushions are inserted with a long-lasting, all-weather quick-dry foam. To keep your Ethnicraft Outdoor furniture in optimal condition, we suggest fitting our custom-made raincovers during seasons when it is not in use, or during periods of bad weather.
